EDUCATION

Christ University Bangalore

*Master of Computer Applications - 73%**

07/2023 – 2025

Bengaluru, Karnataka

Kristu Jayanti Autonomous College

Bachelor of Computer Applications - 82%

08/2020 – 05/2023

Bengaluru, Karnataka

EXPERIENCE

ICIER 🔗 | Junior Software Development Intern

05/2024 – 07/2024

- Architected scalable web applications using the MERN stack, which streamlined the integration of third-party APIs; improved response time by 50% and reduced server load by 30%, enhancing application efficiency.
- Implemented front-end interfaces using React.js and SCSS, designed databases with MongoDB and Mongoose ORM, and built server-side APIs using Express.js and Node.js.

PROJECTS

Uni-Placer 🔗 | [PHP](#), [MySQL](#)

04/2024

- Designed an innovative placement solution that automated candidate tracking and communication, reducing administrative workload by 25 hours per month for recruitment teams
- Implemented real-time job updates and automated resume generation for improved visibility.
- Integrated an AI-driven chatbot to assist with queries and enhance user support.
- Designed a user-friendly interface focusing on improving efficiency, communication, and overall user experience in the placement process.

Intervo 🔗 | [MongoDB](#), [ExpressJS](#), [ReactJS](#), [NodeJS](#)

07/2024

- Managed interview batches, tracked progress, and analyzed interviewer performance.
- Engineered a centralized scheduling portal for interview invites and test timelines, leading to a **50%** reduction in scheduling conflicts and enhancing candidate satisfaction ratings from **75%** to **95%** during the hiring process.
- Developed random question selection, test input, and proctoring features.
- Established a centralized portal for interview invitations and test schedules, enabling real-time updates for applicants; led to a 50% increase in candidate satisfaction scores based on post-interview feedback.
- Replaced manual tasks with automated systems, making operations smoother and more efficient.

TECHNICAL SKILLS

Languages: C, C++, R, Python, JavaScript, SQL, PHP

Developer Tools: VS Code, Tableau

Technologies/Frameworks: GitHub, ReactJS, NodeJS, ExpressJS, Git, Mongo DB

ACHIEVEMENTS

- **Secured 1st place in Treasure Hunt Event 'Shells 2024'** organized by the Kristu Jayanti Autonomous College
- **Secured 3rd place in Hackathon Event 'Gyanith 2024'** organized by the NIT Puducherry
- **Secured 3rd place in Code Hunt Event 'Gyanith 2024'** organized by the NIT Puducherry
- **Secured 3rd place in Code Electro Room Escape Event 'Gyanith 2024'** organized by the NIT Puducherry
